# Join the conversation.

Schedule of the day. Each topic will be introduced with a brief overview.

**10:00 AM to 10:45 AM Our Vision for the US Health of the Nation and the Road-map to Get There**  
Our vision is guided by the belief that the role of the healthcare system is to improve the health of all Americans.

**10:45 AM to 11:00 AM How Safe is Your Hospital?**  
We believe that when it comes to patient safety, all healthcare facilities need to be top performers. How do we make our hospitals and other healthcare institutions as safe as they can be?

**11 AM to 11:45 AM Public reporting, Accountability and Transparency**  
We believe that publically available information is essential for achieving the best outcomes and value in the healthcare sector.

**Noon to 12:15 PM The Citizens4Health Benjamin Franklin Awards**  
We believe that to function well as a society, we must have individuals and institutions that are committed to promote the “public good”.

**Noon to 1:00 PM Open Forum**  
Open discussion on topics of interest to participants.

**1 PM to 1:45 PM Citizens4Health Health-Tech**  
We believe that health information technology is going to play an ever increasing role in our healthcare and political future.

**2 PM to 2:45 PM Citizens4Health Philly**  
Our goal is to achieve the best healthcare for all Philadelphians.

**3 PM to 4 PM Take Action (Get personal, Get social, Get Political)**  
We believe that citizen engagement is crucial to improve our healthcare system. We provide information, ideas and tools to for civic engagement.
